A maximum of two winning photos per photographer is possible.

Contest Rules:

- Digital copies of photos (submitted by USB stick only) is the preferred method of submission. Hard copies of photos will still be taken. No email entries will be accepted.

Images in color are preferred but black and white or sepia are acceptable. It is recommended that photos are of the highest possible resolution to ensure the best quality image possible.

Identification:

Pictures that are submitted must have a completed entry form attached and photos must be labelled on digital and physical copies. For physical copies clearly label photos with the entrants name and the photos name on the backside of photograph (it is recommended to use a sticker label on back of photo, as to not have ink bleed into the photo).
