

## **New Skid Steer Tracked Loader with Mulching Head**

The M.D. of Wainwright is interested in purchasing one (1) new Skid Steer high flow tracked loader with a fixed teeth rotor mulching head (UML Mulching head) and a general-purpose bucket and grapple fork. The skid steer will be equipped with a mulching forestry package as well as auxiliary hydraulics that are capable of hooking onto and running the brush mulcher rated between 100-120 Hp with high flow hydraulics. It will be the responsibility of the successful submitter to mount and run the mulcher to ensure it is working properly.

The MD of Wainwright is asking for submissions of a 5-Year guaranteed buy-back price on this unit.

All submission packages require the addresses and contact information for all North American Parts Distribution Warehouses, with parts availability, sourcing and shipping from North America. (List is required).

The new Compact Tracked Loader must include all Standard Equipment and must meet or exceed the attached specification sheet (Attachment A). Please return **Attachment A** with your price sheet **Attachment B**

Sealed submissions marked “New Skid Steer Tracked Loader with Mulching Head” will be accepted until 11:00:00 a.m. MST on April 12, 2022 at the address indicated below.
