The board took a break from 9:47 a.m. to 9:57 a.m.

James Schwindt, Agricultural Fieldman presented his report.

James informed the board of the 2018 strychnine sales. To date we have sold 155 cases and 20 bottles to 67 producers. James led a discussion on PMRA's Proposed Re-Evaluation Decision of Strychnine and its Associated End-use Products.

James provided an update on the tankloader usage to date. Numbers are in imperial gallons.

Irma: 647 638

Giltedge: 532 180

Ribstone: 177 980

James informed the board that council approved the motion to extend the mowing contract to A & R Contracting for 2019. Overall, we were pleased with the work however, there were some inconsistencies that will be addressed before next season.

James led a discussion with the board regarding the replacement of the ASB can truck. The can truck is used to haul empty pesticide containers from our satellite sites and grass seeding operations which includes hauling the ranger and grass seed. Options will be brought forward to the next ASB meeting and purchasing a different truck will be included in budget discussions.

Tanis Ponath, Assistant Agricultural Fieldman presented her report.

Tanis gave an update on the success of this year's Rural Routes supper. There were approximately 350 rural residences in attendance and we received good reviews about the food and entertainment. We raised \$927.00 for the local Wainwright food bank.

Tanis gave an update on the M.D. pest surveys completed this year. The ASB department participated in diamondback moth, bertha armyworm, swede midge and wheat midge monitoring. James and Tanis completed grasshopper and clubroot surveys.

Tanis gave an update on the Fusarium Action Committee meeting she attended in Lacombe on June 19<sup>th</sup>, 2018. Alberta Agriculture gave a presentation showing the 2016 and 2017 Fusarium maps which showed the severity and spread across the prairie provinces. The action committee led a discussion on the proposed risk profiles and best management practices that if approved will be added to the Fusarium Management Plan. In addition, there are potential changes to the act on how Fusarium is controlled in the Province.

Tanis informed the board that FarmTech is January 29<sup>th</sup> – 31<sup>st</sup>, 2019. Once registration is open, she will forward the information to the ASB board.

Tanis led a discussion with the board about potential workshops the M.D. should host this winter. If any board members have suggestions, they are to send suggestions to Tanis.

Rod Gabrielson, Pest Control Officer presented his report.

Rod informed the board that due to changes in the Rat Control Program rat checks will vary this year compared to recent years. The definition of what is considered a site and what ranges in the municipality are checked has changed. Rod stated the rat control checks are almost completed for the year and gave an update on the infestation in the M.D. of Provost. Rod continues to trap skunks for the Provinces rabies monitoring program, he has trapped 3 out of the 6 skunks that are required for testing. Rod gave an updated on the conferences and workshops he attended this year.

Rod informed the board there has been a significant increase in beaver issues this year. Rod has spent the majority of his time this summer removing beaver and muskrats from M.D. infrastructure. Clr. Wilkinson brought forth the idea of hiring a backhoe contractor to assist with cleaning out culverts when the M. D's backhoe is unavailable or if we needed a summer student to assist. The board requested information regarding estimated contracted backhoe costs to be brought forward to the next meeting and for budget discussions.

Rod is presenting at the Problem Wildlife Seminar in October on rat identification.
