

BEAVERS in OUR LANDSCAPE

A workshop on understanding and living with beavers

Please join us to share your knowledge and experiences, developed for Alberta natural resource managers, municipalities, landowners and others!

Whether you love them, hate them, want to understand them, think you need them, or want to learn how to live with them, you will find this workshop useful. Topics include:

- **Beaver basics** - Ecology, natural history, watershed connections
- **Beaver challenges** - Issues, management, options and alternatives
- **Beaver case studies** - How others are dealing and living with beavers
- **Beaver banter** - Round table discussion on beaver messages, messaging, management issues, management options, information needs
- **Beaver next steps** - Awareness messages, tool development, beaver role in watersheds, reintroductions and future management

An integral part of the workshop will be discussion about challenges, concerns and values.
